Message from the President

Thank you for being part of the Canadian Association of Research Administrators!

I am delighted to share this report of what our collective efforts have made possible in the past year. CARA is a dynamic, supportive, volunteer created and led, community for research administrators across Canada. As President, it is my great pleasure to work with many members who are dedicated volunteers and I thank them all for their steadfast service to CARA.

As we launch our new strategic plan, we will continue to innovate and grow to the benefit of our profession. Excellence in research advances society. Excellence in research administration is a vital component of this crucial mission. On behalf of the CARA board, I thank you for your membership and commitment to our important work.

- *Dominique Michaud*

Our Mission

Foster research administration and management expertise in Canada by facilitating a strong and vibrant community;

Provide and facilitate robust career and professional development programs and services for members; and

Enable synthesis and dissemination of information/knowledge on research administration and management with a view to developing individual and organizational excellence.

Executive Committee

We thank all our volunteers and especially our Executive Committee whose leadership and expertise ensure excellence governance of CARA for all our members.

We thank the Membership Engagement Committee

The mandate of the Membership Engagement Committee is to enrich the overall experiences of CARA members and volunteers.

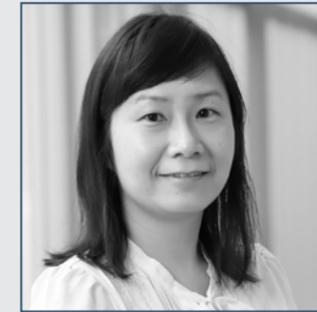

Since 2014, the Membership Engagement Committee has been actively involved in planning activities that facilitate member recruitment, member retention, and volunteer recognition. In 2022 the committee members hosted an online networking session in April, which received great feedback from the community. They also started the CARA book club, and attended a career fair to tell recent UBC graduates about the Research Administration Certificate and careers in research administration.

We thank the Professional Development Committee

The Professional Development Committee members serve as ambassadors to promote CARA professional development opportunities and advise on webinar topics and content for CARA's webinar program. Members play an active role in identifying expert presenters to provide relevant and high quality webinars. The webinar program typically has over 1000 registrants annually and between 50-100 expert presenters. We thank these leaders for their commitment to advancing the profession by ensuring robust professional development opportunities to members all year long. The Committee wishes to thank CARA staff member Michael Harris for coordinating the CARA webinars.

CARA Delivered 3 Conferences and a new event this year

CARA delivered **3 conferences** this year, the Annual General Meeting and national conference and 2 regional conferences. We also hosted a virtual event in honour of Research Administrator Day, bringing together experts from around the world to share their expertise. We gratefully acknowledge the leadership of the conference planning committees and all the speakers at these events, which were attended by over 900 delegates.
